## PUBLIC HEALTH NOTICE MOSQUITO CONTROL PROGRAM WNV & EEE

Pending receipt of the final permit, applications to control larval mosquitoes are planned to begin in early April 2010 in the Town of Fremont. Larval mosquitoes will be controlled in areas such as marshes, red maple swamps, woodland pools, flooded fields, roadside ditches and flooded stormwater basins. Mosquito larvae found in catch basins will also be controlled. The primary control agent will be a bacterium larvacide called Vectobac (BTI) or Vectolex (Bs). These environmentally- friendly biological controls are very specific to mosquito larvae and are used worldwide in mosquito control. The bacterium are naturally occurring and will not replicate itself in the environment. Applications to control larvae will continue as needed until November 30, 2010. Control agents will only be applied where larvae are collected.

Many mosquito breeding areas have been identified already. Please contact Municipal Pest Management Services, Inc. if you have areas of stagnant or standing water on your property that may support mosquito breeding. Areas with flowing waters (streams, rivers) or deep water (ponds and lakes) typically do not support mosquito breeding.

Persons not wishing their properties treated must contact the Board of Selectmen in writing at PO Box 120, Fremont, NH 03044-0120 or by e-mail at [Selectmen@Fremont.nh.gov](mailto:Selectmen@Fremont.nh.gov). Letters can also be dropped off at the Selectmen's Office at 295 Main Street. Information on biological control agents, insecticides, areas likely to be treated or any potential hazards is available upon request to Municipal Pest Management Services, Inc at 603 431 0008 or by email to [swampfixer@myfairpoint.net](mailto:swampfixer@myfairpoint.net). Municipal Pest Management Services, Inc will provide mosquito control services for the Town of Fremont in 2010. ~ Michael Morrison, Entomologist, MPMS, Inc

## ANNUAL EGG HUNT

The Fremont Parks & Recreation Department invites you to the Annual EGG HUNT!

It will be held on Saturday March 27, 2010 at 12:00 noon at the Fremont Memorial Fields, across from the Library, at 563 Main Street.

Bring a basket and earn lots of prizes!

We Hope To See You There!
